THREE CONVENIENT LOCATIONS

NEW PATIENTS WELCOME

We are accepting new patients, however during busy periods there may be a weeks wait. Some of the doctors have their books closed so please check with reception if you're wanting to book with a particular doctor.

We are appointment based.

PRIVATE BILLING PRACTICE

We are a private billing practice. Please be aware that you may need to pay for your consultation. Concession cards are welcomed, without a concession card bulk billing is at the discretion of the consulting GP.

Please speak with reception staff regarding specialist and allied health appointments as these usually incur a fee.

TEST RESULTS

We share the responsibility to make sure your test results are acted upon if needed. Our nursing and reception staff will contact you if there is anything abnormal with the results, if you do not hear from us you can assume your results are normal however it is encouraged to book an appointment with your GP to follow them up. Results are not given over the phone by request.

REPEAT PRESCRIPTIONS

Please ensure you check to see when you are running out of your medication. In the interest of our patients health our doctors will not issue a prescription without an appointment. If there is a personal agreement between yourself and the GP for reoccurring scripts and the GP is happy to do your scripts without a consultation there will be a \$10 cash fee.

PRIVACY POLICY & YOUR RIGHTS

Under the Privacy Legislation Act you are able to access your personal health information by making an appointment with your doctor, records can then be released once discussed. Please be aware of our Collection Statement which outlines our policy and procedures regarding patient confidentiality.
